SENATOR CONRAD PASSED RESTLESS AND SLEEPLESS NIGHT AT GLENWOOD HOME

Senator J. B. Conrad passed a restless and sleepless night at his Glenwood home, but today seems to be resting more easily although somewhat under the influence of opiates. While no definite statement as to the serious illness of the senator is given out by the attending physicians, his more intimate friends fear that his condition is critical.

CIVIL SERVICE EXAMS
FOR D. C., VA., MD., N. C.
WASHINGTON, Feb. 20.—Examinations will be held today for stenographers in the field service in the Dist. of Col., Va., N. C., for field work, are being held today. Women as well as men are eligible for the work.

REPLY TO NOTE WILL BE FORWARDED NEXT WEEK; CHANNEL TRAVEL STOPS

WASHINGTON, Feb. 20.—The United States will not accept Germany's disclaimer of responsibility for blowing up American merchantmen by German submarines, if any are sunk. This will be made clear in this government's reply to the German note. The reply will not be belligerent in tone, it is stated, but will leave no doubt about the American position. It is expected that the note will be despatched early next week.

The policy of this nation regarding the use by Great Britain of the American flag is still under discussion. The action of Great Britain in closing the English channel to all travel is taken here as an indication that German submarines are already operating there.

ALLIES SILENCE FORTS GUARDING DARDANELLES

SOUTHERN LEAGUE OWNERS MEET IN LITTLE ROCK
LITTLE ROCK, Ark., Feb. 20.—The Southern League owners today met here to adopt the Chattanooga schedule. Other routine business will be taken up preliminary to spring practice.

FROM THE SUAVE DANCING INSTRUCTOR to a prisoner of the great and mighty commonwealth of New York, was the transformation which Charles Wendell Lansing underwent in the space of a few moments today.

Lansing left this morning for Salem, Washington county, New York, accompanying Sheriff R. E. Warren and Deputy Sheriff Herbert McMurray of the county named.

Lansing is charged with having committed the crime of grand larceny at Granville, a small city in the same New York county, about four years ago. The charge is based on the alleged fact that he victimized parties in Granville by trading them certain city property for bonds of large value. After Lansing disappeared from Granville it was discovered that the lots he had deeded did not even exist.

Some time afterward, the grand jury of Washington county indicted Lansing for grand larceny, and then began a long search for the missing man. He was trailed through many states, and several months ago was located at Asheville, N. C. Before arresting him, however, the New York officers petitioned the North Carolina executive department for permission to extradite. In the meantime Lansing disappeared, turning up here early this winter. Possessing an excellent education, polished appearance, and a jaunty manner, he was stanced as director of the big amusement resort, the Nautilus. From this position, however, he was dismissed some time ago, but President Shultz gave him the privilege of teaching dancing lessons on the floor of the palm garden at the casino.

Finally, the New York authorities heard that their elusive object of pursuit was in Daytona, and Chief of Police Milton was communicated with,

about two weeks ago. From that time on, Lansing was continuously under official surveillance.

On Tuesday of this week the New York sheriff and his deputy started for Florida, coming by way of Tallahassee to get extradition papers, which Governor Trammell granted without demur. Warren and McMurray arrived here Friday afternoon, but decided to defer further action until today. About 9:00 o'clock this morning Officer Milton went to the Nautilus and arrested Lansing, whose surprise indicated that he had not had the slightest inkling that he was about to leave the land of sunshine and flowers for the inside of a jail's grim walls far away among the cold, bleak hills of northern New York. However, if finding himself in the merciless clutch of the law caused him to feel less satisfied with his own perfection and the world in general, there were no exterior evidences to that effect. The same self-satisfied demeanor that seems to be one of his prominent characteristics was still his when he and the officers left aboard the 19:01 East Coast train on their long journey north.

The offense that Lansing is accused of committing is a serious one, and, under the New York statutes, the maximum punishment is a long term in the state penitentiary. Judging by the persistence with which he was sought, the charge will be vigorously pressed.

HUMANE SOCIETY'S PARADE MARCH 16

THREE DIVISIONS OF PRIZES. RANGING FROM \$5 TO \$15 EACH —ENTRANCE BOOK OPEN NEXT MONDAY.

The annual parade of the Humane Society will take place March 16th. Secretary Benford Deacon announces that the entrance book will be opened by Chief W. E. French, at the volunteer fire department, next Monday. All colored people who expect to take part in the parade are urged to register as soon as possible after the book is opened.

There will be two first-class prizes of \$15 each for participants; two second-class prizes of \$10 each; two third-class prizes of \$5 each. All of the prizes will be paid in cash on the day of parade, immediately after the winners are announced.

The secretary of the Humane society states that the object of the parade is not so much for the purpose of displaying the breed of horses or other stock entered as it is to show their condition and treatment.

Subscriptions to the prize fund are earnestly solicited. They may be given to any officer of the society.

GUESTS OF HOWARD HOTEL ENTERTAINED BY MRS. HOWARD

Mrs. J. C. Howard entertained the guests of the Howard house, Friday evening, with a delightful 500 and bridge party, given in honor of her Buffalo friends, Mr. and Mrs. Smith and Mr. and Mrs. Andrews, who left for their home today, after a delightful 10 days spent at the Howard. Eight tables of 500 and one of bridge were engaged. Mrs. Falter carried off the ladies' first 500 prize, second ladies' prize falling to Miss Kate Goodsell. The first gentlemen's prize went to W. H. Lovely, and second to W. N. Carlisle.

Mrs. Howard won the bridge prize, a box of candy, and presented it to her fellow bridge players. Mr. Smith and Mr. Andrews, guests of honor, were presented with handsome stickpins, as souvenirs of the pleasant occasion. Following the serving of refreshments, dancing was enjoyed, the fox-trot and hesitation rounding out an evening of enjoyment.

"Our Latest "Preaching Order"

Written Especially for the Daily News

By DR. CHARLES FREDERIC GOSS

Author "Redemption of David Corson"

Within the last few years, another order of preaching has appeared among us. The statesman has edged his way into the pulpit. Theodore Roosevelt, William Jennings Bryan and Woodrow Wilson have earned the title of doctor of divinity as honestly as Phillips Brooks, or Henry Ward Beecher, who, by the way, refused it. It would be hard, indeed, to find a speech of either one of these three remarkable men, which might not be called a sermon, and those addresses, which they have delivered before so many organizations on public occasions, are as homiletic, if not as evangelistic, as those of Dwight L. Moody or Billy Sunday.

Listen to this paragraph from Mr. Wilson's address to the Boy Scouts, at their recent convention in Washington:

"A man who devotes himself to the development of his own character will succeed in nothing but making a prig; but, if he devotes himself to helping other people, his character will not only take care of itself, but it will grow to a very noble stature. I have always maintained, in the language of manufacture, that character is a 'by-product.' If you set to work to make it because you love yourself, you make an ass! If you disregard the consequences to yourself in order to serve other people, you will make a noble gentleman."

There is an idea, most strikingly elaborated, which is as truly a theme for the pulpit, as any which you ever heard discoursed upon. It is not only ethical, but it is spiritual, in the high-

est possible degree. Not many will heed the warning, perhaps, for there are but a few of us who are deeply enough concerned with the problem of self-development; of making a noble character, for ourselves. But there are some, and one of the errors into which they are most liable to fall, is that of trying to accomplish that great end, by means and efforts that are direct, when it can only be achieved by indirection.

How strange that is! It is as if we were told that the way to make a house was to try to make a wagon! We make a shoe, by trying to make a shoe; but we make a character by trying to do an honest business; provide comforts for our families; help the poor to better conditions of life; promote moral reforms; sacrifice our lives, if need be, for noble causes!

Just as the Standard Oil company gets its coal-tar products by refining petroleum, and the Ivory Soap company its Crisco by trying out cotton seed for oil, a man develops character, by endeavoring to faithfully perform the thousand and one trivial tasks which are required of him in the conduct of his daily life.

As the navigator reaches his harbor, not by keeping his eye on the deck of his vessel, but upon the polar star, a man becomes a gentleman, not by looking down into his soul, but keeping an eye out for any job he can get to do for God, or his fellow man.

We do not want every preacher to become a politician; but we pray for the day when every politician shall become a preacher.

BIG HOTEL PLANS PLAY GROUND FOR CHILDREN

Speaking of hotels, one may go a step higher than the hobo abode and tell of one of New York's biggest hotels which has been found too small to accommodate its guests, although it was recently built. Two hundred rooms will be especially reserved for women and another feature will be a children's playground.

NOT \$40,000 FOR KINDNESS

Michigan Woman Repaid for Helping Strangers Twenty Years Ago.

De Witt, Mich.—About twenty years ago an eighteen-year-old girl left her home in Fremont, O., for Lansing, Mich., where she expected to obtain employment as a household domestic. Her trip resulted in a firm friendship that has remained for the girl. Fleeced on a financial basis, it was worth just what she needed.

On the train was Mrs. Ann Smith of Jackson, O. The child became friends with her and the mother was near death. The young girl's tender heart went out in sympathy and she did in ministering to the little fellow. Her assistance proved so efficient that she was induced to accompany the Smiths to Jackson, and she remained with them until Orley recovered his health.

Recently Orley Smith died and his wife's wealth was left to his former friend, the girl of eighteen, who is now Mrs. Amelia Bauerle of De Witt, Mich. township.

While working as a domestic in Lansing for a number of years after leaving the acquaintance of the Smiths Mrs. Bauerle often was reminded in letters that some day she would be repaid for her kindness. In fact Mrs. Smith had taken such a liking to Mrs. Bauerle that she frequently visited the latter in Lansing.

Several years ago Mrs. Smith died, leaving a small fortune to her son. Orley never married, but succeeded in accumulating more wealth from year to year. As he died without near relatives he willed his all to Mrs. Bauerle.

Mrs. Bauerle is married and her husband resides with her at De Witt. They have four children.

EAR SUSTAINS GUN THUNDER

German Scientists Claim Normal Hearing Is Not Affected by Heavy Artillery.

Berlin.—The normal ear is not affected in any noticeable degree by the noise of even the heaviest artillery, according to conclusions based upon a long study of artillerymen by a German ear specialist.

Of fifty-one artilleryists observed for a long period by this specialist none exhibited any objective symptoms, and only four complained of subjective noises, mainly "ringing in the head." Investigations covering a whole year only one case of burst eardrum was found.

The ordinary recruit, who serves only two years in peace times in the heavy artillery, but rarely incurs any lasting injury to his ears. Officers who have served many years not infrequently leave the service with moderate partial deafness or ringing in the ears. Investigation appears to show, however, that these sufferers do not have normal organs when they enlisted.

Dresden Residents Are Now Forbidden to Buy Their Supplies in the Evening.

"MUTT AND JEFF" IN A BRAND-NEW FROLIC

"Mutt & Jeff in Mexico" will be the show at the New Daytona theater tonight. It was designed for laughing purposes only. There isn't a serious thought or a suggestion in the entire show. Its mission on earth is simply to banish dull care and stifle the hook worm and grinch. Get seats early.

"A little nonsense now and then is relished by the best of men" and women too. The old adage is proven over and over again by the continued and most extraordinary success of Gus Hill's productions of "Mutt & Jeff." New York's best citizens, butchers, bakers and undertakers all turn to the "funny pictures" in the morning newspapers to see what those funny fellows, "Mutt & Jeff," are up to, nor is the habit confined to any class, creed or status of life's success. The banker, the lawyer and the judge, enjoy the daily cartoons as well as his less fortunate brothers, and applaud Bud Fisher's satirical humor.

Folly of Anger. To speak unkindly to a person, to show your hatred by what you say or by the way you look is an unnecessary proceeding—dangerous, foolish, ridiculous and vulgar.—Schopenhauer.

JACKSONVILLE, FLORIDA

ABANDON NOTION OF MARCH 12TH PARADE

BOARD OF TRADE COMMITTEE REPORTED NOTHING DOING IN THE WAY OF FINANCIAL SUPPORT FOR PROJECT.

There was a very satisfactory attendance at the Daytona board of trade meeting, Friday evening, despite the very unsatisfactory behavior of the weather. Nothing of extraordinary importance occurred, but the meeting was interesting withal.

A communication from the Florida state board of health urged the importance of municipalities giving more attention to the gathering and recording of vital statistics, particularly those relating to births and deaths. Accompanying the letter was a draft of a sample ordinance pertaining to such matters. The communication and ordinance were referred to the city council. Secretary Deacon called the board of trade's attention to the fact that Daytona's population is given in census reports as only about 5,000, making of no mention of the multiplied winter population. This, of course, makes the city's mortality rate seem very much higher than it really is. The secretary suggested that some corrective move be made.

A letter from the Jacksonville board of trade directed attention to the great necessity for wider and more intelligent publicity of Florida's attractions and wonderful resources. Rolland E. Stevens was emphatic in his declaration that Daytona is "behind the times" in the matter of advertising, and that the deficiency positively must be remedied. He also took occasion to speak of the erroneous report in circulation to the effect that the city council's publicity fund is to be used in paying for the band. There is absolutely no connection whatever between the fund and the band.

A letter from Major W. B. Ladue, U. S. A., contained information about the East Coast canal plans.

Senator Duncan E. Fletcher sent a letter expressing his appreciation of the board of trade's approval of his stand on the ship-purchase bill now pending before congress. Another letter from Senator Fletcher directed attention to certain features of the river and harbor bill.

Two new applications for membership, those of R. H. Glenn and H. F. Green, were received and approved.

The committee on the proposed parade for March 12th reported that no encouragement whatever in the way of financial aid had been received from the business and other citizens of the city. It was recommended that the project be abandoned, for the present at least. Thus stands the parade matter.

S. E. Bullard's amendment to the by-laws was amended and adopted as amended. This change is the by-laws affects the manner of nominating candidates for offices in the board of trade, doing away with the old custom of "slating" seven days before election and allowing nominations to be made on date of election.

Stage Money.

It has been observed that stage money must sometimes figure in the salaries that stage performers receive. In a breach of promise case, recently tried at New York, it was shown that an actress who was understood to be receiving \$1,000 a week, was actually getting \$300, out of which \$80 was deducted for booking and press agent fees. Still, as the press agent was giving her a salary of \$1,000, she could hardly have begrudged the money she paid him.—Springfield Republican.

Where Brier Pipes Are Made.

The brier-pipe industry of France is, for all practical purposes, centered in the little town of St. Claude, in the department of Jura, where not only pipes, but cigarette and cigar holders and other kindred necessities of the smoking world are manufactured. The sources of supply from which the brier roots are obtainable are, in order of importance, Sicily, Calabria, Corsica and Algeria.

Old Silver Coins Found.

Old silver coins belonging to the reigns of Elizabeth, James I and Charles I have been found buried in the garden of Manor Farm, Itchen Abbas, Hampshire. It is thought that they were placed there by a Royalist who fought for Charles I at Cheriton (1644) and was killed in the rout.

Before and After.

Funny that the very fellow who begs a girl for a lock of her hair in the courtship days when he kisses it so fondly will swear like a trooper if he finds one of them in the butter after he is married.—Florida Times-Union.

What Is the Reason?

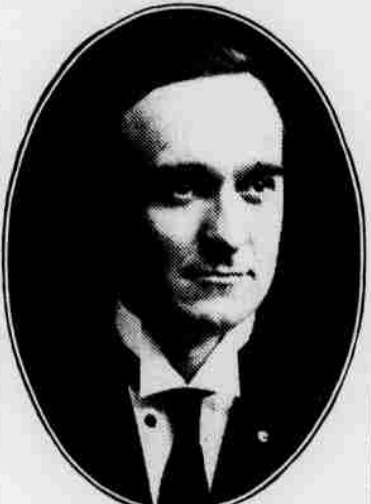

A man can walk a block with another woman and discuss 4,678 subjects in a delightful manner. And he could walk nine miles with his wife and not be able to think of a darn thing to say.

as first advertised, in order that all who may desire will have an opportunity to attend the dedication services of the First Christian church that day.

The evening service will begin with a song service at 8:00 o'clock. Those attending the dedicatory services at

the Christian church will have ample time to reach the theater in time for the addresses. An overflow meeting will be held at the same hour with the same speakers at the Congregational church. The other churches of the city will unite in these services.

Rev. Daniel V. Poling, pastor of the Congregational church of Dallas, Ore., and noted in the far west as a musical director and soloist of ability, will be in charge of the musical program at both services. William L. Patton, of Portland, Ore., will be the pianist.

A Bit Tired.

A somewhat weather-beaten tramp, being asked what was the matter with his coat, replied, "Immortal; it hasn't had a nap in ten years."—Christian Register.

A quarter of a million dollars will be spent in community improvements by the Mountain Lake Corporation, of Polk County, Florida. These will include roads, parkways, golf courses, a club house, and other luxuries. The property thus improved is to be made the most attractive and complete winter home location in the United States. It will include the finest and largest body of orange and grapefruit groves in all the world.

Frederick Law Olmsted of Brookline, Mass., has charge of the landscaping. The groves will be planted and brought into bearing by M. E. Gillett & Son, of Tampa, Fla. Mr. Olmsted and the Messrs. Gillett come to the performance of their tasks here with world-wide reputations for successful achievements in their respective fields. At Mountain Lake their previous work will be eclipsed in that here they are proceeding on more elaborate lines.

The citrus groves, in ten-acre units, will be brought into bearing before they are turned over to the purchasers. No expense will be spared in making them superior to any orange or grapefruit groves that now exist. Around the lakes and on the mountain sides winter home sites will be laid out as a part of the general landscaping plan. These properties will be sold only to persons of unquestioned social position, insuring a community of the best type.

The Mountain Lake Corporation commands respect because of the standing of the gentlemen who compose it. Among the leading stockholders are the following:

- FRANK S. WASHBURN, president American Cyanamid Company, Niagara Falls, Ont., president Alabama Power Company, Birmingham, Ala.
- JAMES MICHENER, president Alabama Traction, Light & Power Company, Ltd., New York and London.
- HERBERT E. GOODMAN, vice-president and general manager Goodman Manufacturing Company, electrical mining machinery, Chicago, Ill.
- ELMER A. SPERRY, president Sperry Gyroscope Company, New York.
- M. E. GILLETT and D. C. GILLETT, proprietors of Buckeye Nurseries and Gillett Lumber & Transportation Company, Tampa, Florida.
- E. C. STUART, vice-president State Bank of Bartow, Bartow, Fla., director Caneet Phosphate Company, Lakeland, Florida.
- FREDERICK S. RUTH, president Mountain Lake Corporation, Lake Wales, Florida.

A preliminary booklet, now ready for distribution, gives the plan much more in detail. Copy will be mailed and further particulars supplied upon request.

HEIGHT OF SEASON IS NOW AT HAND

CLARENDON ARRIVALS OF PAST FEW DAYS SWELLED HOUSE COUNT TO NEARLY 300 AND PRACTICALLY FILLS RESORT.

The list of arrivals at Hotel Clarendon Thursday exceeded in number any list that has been recorded on a single day for more than a week. Tourists continued to arrive on Friday so that the big resort is practically full, there being nearly 300 guests under the Clarendon roof at the present time.

Recent arrivals include Mr. and Mrs. H. L. Barnes, Oshkosh, Wis.; Mr. and Mrs. Galloway and chauffeur, Memphis, Tenn.; Mr. and Mrs. H. P. Ashey, Worcester, Mass.; Mr. and Mrs. H. E. Owens, Jacksonville; C. D. Yatter, Worcester, Mass.; Mr. and Mrs. Arthur Smith, Garden City, N. Y.; A. C. Tozzer, Lynn, Mass.; Wm. O. Bixler, H. B. Laubach, H. O. Wilhelm, Easton, Pa.; Mrs. F. C. A. Mason, New York; Mr. and Mrs. D. W. Campbell, Esmond, Va.; Mr. and Mrs. Chester L. Ragan, Evansville, Ind.; Mrs. D. McLaren and son, Toronto, Ont.; Mrs. J. R. Watkins, Miss King, Winona, Minn.; Mr. and Mrs. Edward Wells, Chicago; James R. Barrell, Henderson, Ky.; Mr. and Mrs. George Stroh, Milwaukee.

Laid Nest Full of Chicks.

One day little Imogene ran into the house greatly excited, and exclaimed: "Oh, mama, what do you think? Our old speckled hen has laid a nest full of little chicks!"

TOOK LUNCHEON AT HOTEL CLARENDON FRIDAY

Edward L. Stone and party of eight, all of whom are winter guests at the College Arms hotel at Deland, took luncheon at Hotel Clarendon on Friday. They were highly pleased with the big fire proof structure and its ideal surroundings.

The world is full of people who keep insisting that something ought to be done.

CLARENDON GUESTS ENTERTAINED AT DINNER

A delightful little dinner party, at which Mr. and Mrs. H. B. Endicott presided, was given in the grill at the Clarendon last night. The party was given in honor of Mr. and Mrs. Johnson and their daughter, Miss Johnson. A tempting menu was served.

To Soften Paint Brushes.

Vinegar heated to the boiling point will soften paint brushes that have become dry and hard.

SOCIETY WILL TURN OUT MONDAY NIGHT

WASHINGTON'S BIRTHDAY AT HOTEL CLARENDON WILL ECLIPSE ANY SIMILAR AFFAIR HELD THERE THIS SEASON.

With the probable exception of the opening event, Monday night's affair at Hotel Clarendon will exceed in brilliancy any event scheduled to take place there during the season.

Washington's birthday ball has always been looked upon by guests of the hotel as the greatest social function to which they are privileged to attend, and so far as the management of the hotel is concerned, nothing will be left undone that would tend to make this event the crowning success of the season.

Those who intend dining on Monday night should make their table reservations early as indications show that the dining room will be greatly taxed in serving all who expect to be present.

DINNER-DANCE GIVEN AT CLARENDON LAST NIGHT

Mrs. Ira H. Miller entertained at a dinner-dance at Hotel Clarendon on Friday evening, which proved to be one of the most enjoyable social affairs given at the big hostelry this season. There were 27 covers laid at the table which occupied two connecting private dining rooms, and after a most tempting menu was served the guests spent the evening in dancing.

OCEAN VIEW HEIGHTS

THERE CAN BE BUT ONE BEST PROPOSITION IN ANYTHING, AS THAT IS SPEAKING IN THE SUPERLATIVE. WHEN WE SAY THAT WE OFFER YOU THE BEST, IN THE WAY OF QUICK RETURNS ON YOUR INVESTMENT, WE MEAN EXACTLY WHAT THE WORD BEST IMPLIES.

THERE ARE MANY OTHER SUBDIVISIONS AROUND DAYTONA, SOME OF WHICH ARE GOOD—WE DO NOT DISPUTE THAT—BUT IF YOU WANT TO MAKE A QUICK PROFIT THERE IS NOTHING TO EQUAL OCEAN VIEW HEIGHTS, AND WE WILL BE GLAD TO DEMONSTRATE THAT OUR ASSERTION IS NOT TOO BOLD—THAT WE OFFER THE BEST.

GIVE US THE OPPORTUNITY TO SHOW YOU THESE SPLENDID LOTS, HIGH AND DRY, WITH THE STREET CAR LINE ALREADY BUILT INTO THE PROPERTY; HARD-SURFACED ROADS BEING BUILT, ELECTRIC LIGHTS, ETC. WHERE THERE IS PLENTY OF SUNSHINE, AND WHERE IT MAY BE HAD FOR LESS MONEY; WHERE THE PRICE OF LOTS IS SO LOW, THE TERMS SO REASONABLE THAT MOST ANYONE CAN BUY AND HAVE A CHANCE TO MAKE SOME MONEY.

THIS IS THE GREATEST OPPORTUNITY EVER OFFERED THE PEOPLE IN THIS SECTION IN REAL ESTATE. BUY AND BE ONE OF THOSE TO TALK OF PROFITS MADE—NOT OF PROFITS MISSED.

REAL ESTATE HAS BEEN THE MOST SAFE AND SOLID FOUNDATION UPON WHICH TO BUILD A FORTUNE. REMEMBER THE ASTORS, VANDERBILTS, GERRYS AND MANY OTHERS WHO ARE FAMOUS FOR THEIR WEALTH, MADE THROUGH JUDICIOUS PROPERTY INVESTMENTS. THEY STARTED WITH NO MORE THAN YOU HAVE TODAY. THEY BOUGHT VACANT LOTS AND ALLOWED THE CITY TO "GROW UP" AND AROUND THEM. SIT DOWN AND THINK IT OVER; COMPARE YOUR SAVINGS ACCOUNT INVESTMENT WITH WHAT OTHERS HAVE MADE IN REAL ESTATE. JUDICIOUS INVESTMENT MEANS TO PUT YOUR MONEY INTO THE RIGHT PLACE—NOT WHERE THE PRICE HAS BEEN INFLATED—WHERE IT WILL BE YEARS BEFORE YOU CAN SELL AT A PROFIT, BUT WHERE THE PRICE IS DOWN ON THE GROUND FLOOR, AND WHERE PROFITS WILL COME IN A YEAR OR TWO.

OCEAN VIEW HEIGHTS IS THE BEST PROPOSITION FOR YOU. LOW PRICES, SMALL PAYMENTS, EASY TERMS, BIG IMPROVEMENTS, SPLENDID LOCATION, AND THE RIGHT KIND OF AN ORGANIZATION TO GET BEHIND AND PUSH MATTERS.

CONTEST WITH N.Y.S.**

SCORE 37 TO 36—SCHOOL TEAM
UNDERESTIMATED PLAYING
ABILITY OF EMPIRE STATE
FINE.

The Daytona High school basket ball team defeated the New York state boys at the Arcade, Friday evening, by the exceedingly close score of 37 to 36. The strength of the Empire State boys had been underestimated by the locals, who found them one of the strongest teams they have met this season. The New Yorkers took the lead early in the game, and held it well until near the close of the first half. With some two or three minutes to play, and the score 29 to 15 in favor of the New Yorkers, Edwards who played right forward for the visitors, injured his ankle. After a wait of five minutes he resumed play, and D. H. S. scored eight points in the remainder of the half, meanwhile holding N. Y. S. scoreless. Score, end first half; D. H. S. 23; N. Y. S. 20.

Both teams played good ball during the last half, D. H. S. leading almost the entire way. The work of both teams was good, both individually and collectively. Shanahan, Parker and Fetton gathered in the most points for the New York staters, while Gardiner, Ray Green and Branch did all the scoring for D. H. S. Zimmer played a good game at guard for N. Y. S., while the Daytona guards played their usual stellar defensive game.

Lineup and summary:
D. H. S. (27) R. Green and Gardiner, forwards; Branch, center; Drake and Milligan, guards. New York (36) Edwards and Shanahan, forwards; Fetton, center; Parker and Zimmer, guards.
Field goals: Gardiner 6, Green 4,

Branch 3, Shanahan 6, Parker 5, Fetton 4, Zimmer 1, Edwards 1. Foul goals: Green 8, Gardiner 2, Branch 1, Zimmer 1, Shanahan 1. Referee, Marks; umpire, Unterferer; scorer, E. Green.

D. H. S. will play Stetson varsity five, this evening, at Cumming's gymnasium, Deland. Dural has already twice defeated the Stetson team, so that the outcome of this evening's game will give an idea of the relative strength of the teams representing the high school of Jacksonville and Daytona. The party which will make the trip to Deland, this evening, by car, will include coach Geo. Mark, captain Curtis Gardiner and Branch, Esch, R. Green, E. Green, Drake and Milligan. It is probable that a few of the live high school students will make the trip in the capacity of rooters.

Reluctant Turks.

Turkish soldiers killed in battle are supposed to go straight to paradise. But somehow the idea doesn't seem to appeal to them as it should.—Kansas City Star.

Not Really "Sentinels."

All animals, whether quadrupeds or birds, that feed in herds are said to place sentries on the outskirts of their party. It is, however, obvious that wherever there is a collection of animals feeding or lying down there will be members of the group at the corners who, by their very position, become "sentinels."

How Is It With You?

When a man's growing boys are going a bit wild the old man holds the mother responsible for them and in conversation with her about them he alludes to them as "Those whelps of yours." But when they're nice, long-eared, goody-goody boys he refers to them as "My sons."—New York World.

BURGLAR AND GROCER BATTLED IN THE DARK

The local police are searching for the burly negro who left his overcoat and hat at Henry Alexander's grocery store, Friday night, after bur-
glarizing the store and being engaged in furious combat with the owner.

Although an elderly man, Mr. Alexander, who sleeps in his store at night, tackled the burglar as soon as he detected his presence in the build-
ing, and was giving a most excellent account of himself until one of his fingers got tangled up with the bur-
glar's teeth. The groceryman was forced to release his hold when his desperate antagonist clamped the finger in vicious grip 'twixt his upper and lower dentates.

The burglar took \$2.25 in silver money from the cash drawer and fled. Mr. Alexander's finger was badly bitten, but not so seriously as to necessitate amputation.

They Who Write May Read.

Women and men now writing mushy letters to the husbands and wives of other women and men can get an idea of just how they will look in type at some future date by perusing the current divorce reports in the papers. But no warning will stop the predestined author of a "human document."

CARROLL WON HIS MATCH YESTERDAY

PLAYS AGAINST F. H. BEACH IN
SEMI-FINALS TODAY—KIMBALL,
FORMER LOCAL CHAMPION AT
ORMOND, FALLS BY WAYSIDE.

BULLETIN.
Beach won over Carroll in the semi-finals. The finals will be played this afternoon.

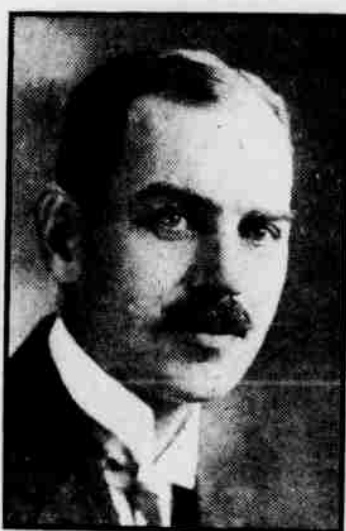

M. A. Carroll, a guest at the Prince George hotel, who has been picked to win the big golf tournament at Ormond, which finishes today, won his match yesterday with A. W. Cameron, six up and five to play. J. E. Lynch, also a guest at the Prince George, was defeated in his match with Mr. Prettyman, three up and two to play.

M. A. Carroll enters the semi-finals today against F. H. Beach and Dr. Taylor will fight it out with Prettyman. Kimball's defeat yesterday by Dr. Taylor was a great surprise, in view of the fact that he won last year's trophy at Ormond and was expected to figure in the finals this afternoon.

Mr. Carroll, who is a member of the Oshkosh Country club, and a golfer of national reputation, has 25 gold medals and 14 silver cups in his possession, which were awarded him as winner of various golf tournaments throughout the country. These prizes include a silver cup presented to him at Ormond for low score made at the beginning of the present tournament. Mr. Carroll's signal victory in Chicago in 1910-11 made him amateur golf champion of that city, the title having not as yet been wrestled from him.

STUDENT OF CIVIC AFFAIRS TO LECTURE HERE FEBRUARY 25

"The Town of Today: The City of Tomorrow," is the title of an illustrated lecture to be given by Richard B. Watrous, secretary of the American Civic association, at the New Daytona theater, Friday evening, February 25th. Mr. Watrous has the gift of inspiring his audience with enthusiasm for civic betterment by his interesting

Association.

address, and also by showing in pictures on the screen what other towns have accomplished.

The civic department of the Palmetto club is bringing Mr. Watrous from the city of Washington to address the regular meeting, and has arranged for the lecture at the New Daytona theater, wishing to give more people the opportunity of hearing this distinguished exponent of the obligation of people to build and maintain the most healthful and beautiful cities and villages which can be developed by modern genius.

That these two addresses may be of signal value to Daytona, ought to go without saying; not only because we need such suggestions as the speaker will offer, but because he is, perhaps, the highest authority upon such subjects in the United States of America. Being, as he is, the chosen mouthpiece of a national or-

ganization, he has had the widest possible opportunity to study the problem of the ideal village and city. He has covered on his travels for observation and study the most of America and of Europe, and gathered material of the most priceless value.

CHOSE TERM IN JAIL, THEN CHANGED MIND

Charged with interfering with or annoying incoming passengers at the railway station, Thomas Zuber was arraigned in the municipal court Saturday morning. Zuber solicits patronage for one of the local tourist hotels, and a gentleman who came in on one of the Friday afternoon trains complained to an officer that the solicitor's manner became offensive when his proffer of one of the hotel's cards was declined. To Mayor Titus young Zuber vehemently protested his innocence, but his honor imposed a fine of \$5 and costs, in lieu of 10 days in jail. Then the party who made the complaint, evidently a gentleman of means and refinement, requested the court to remit the sentence, but the mayor did not feel disposed to accede.

At first, Mr. Zuber elected to serve 10 days in jail, but later reconsidered the matter and paid his fine.

New Buildings Hidden.

In St. Petersburg one never sees new buildings in the unsightly scaffold-pole stage, because until the building is finished it is hidden by a matchboard front, built like a wooden house, complete with windows. Inside this is all the ugly scaffolding, and so on.

KAISER'S SUBMARINES PROWLING IN CHANNEL; UNDER-SEA BATTLE SOON

LONDON, Feb. 20.—England is isolated from the continent today so far as British shipping is concerned. No vessels have left the east coast since six o'clock last night. Traffic will be held up indefinitely awaiting information from the admiralty that there is no further danger from German submarines.

One of the enemy's submarines has been reported off Southampton, from which port British troops are conveyed to France. It is believed that from 15 to 20 other submarines are lurking off the English coast.

It is unofficially stated that a fleet of six British and four French submarines are combing the English Channel for German submarines, and the first under-water battle in the history of the world may soon follow.

There is afloat a rumor that the cable between Brent and the United States has been cut by a German submarine.

BERLIN, Feb. 20.—It was officially stated today that German submarines have successfully launched a campaign against merchant shipping between France and England, but no details were given.

ON RESULT CARPATHIAN BATTLE MUCH DEPENDS

VIENNA, Feb. 20.—Fighting in the Carpathians is developing into a battle of great violence, and its outcome is of the greatest importance. It is unofficially estimated that there are 600,000 Russians and 675,000 Austro-Germans engaged.

AUTO AFIRE ON BEACH STREET CAUSED BRIEF FLURRY TODAY

On South Beach street, in front of Coursen's studio, some excitement was caused Saturday morning when the front portion of William Breckwold's automobile was discovered afire. A large crowd quickly gathered and futile efforts were made to smother the flames with a laprobe from the car. Then somebody rushed to the nearby fire station and got a

chemical extinguisher, which was effective in quickly snuffing out the blaze. Little, if any, damage was done to the car.

Most Every Girl Flirts.

"I should like to know a girl who is not given to flirtation," remarked Mr. Hutton, the Greenwich magazine, recently, when a young man stated that he gave up a girl because of her flirting propensities.

PRINCE GEORGE DAY AT THE AUTOMOBILE CLUB HOUSE

F. P. Kimball and H. D. Tichenor, guests of the Prince George hotel, were chiefly responsible for an attractive entertainment given at the club house of the Florida East Coast Automobile association Friday evening. The party from the Prince George numbered 17, and after partaking of a delicious luncheon dancing was enjoyed, music being furnished by a three-piece orchestra. So well pleased with the club house were the members of the party that three guests of the Prince George hotel filled out applications for membership which will be on at the next meeting of the board of directors of the association.

ILLINOIS PEOPLE TO MEET NEXT TUESDAY

February 23rd has been extracted from the calendar and set aside by Illinois people in this locality as their day—Illinois day. They are making arrangements for a pleasing program of exercises, and the Illinois contingent hereabouts of ladies, gentlemen and younger people are looking forward to a very "large" time. Further announcement concerning the event will be made in a later issue of the Daily News.

"Going to attend the gospel meetings at the Christian church? 'I'm good enough.' Well, come anyway, we want to meet you. We've never seen any one like you."

Mr. and Mrs. W. A. Winn, of St. Louis, Mo., arrived in Daytona Thursday evening and are with Mr. and Mrs. E. A. Lapp at their home on Fairview avenue. Mr. Winn is Mrs. Lapp's brother and is strongly considering locating here.

MAN BADLY INJURED IN STOCK CAR FIRE

Albert Davis, of Waycross, Ga., is a patient in St. Mary's hospital in this city, suffering from painful burns and a wrenched back as the result of a fire in a boxcar on the Flagler System, Thursday night.

Davis was accompanying a home-seeker to some point on the lower East Coast, traveling with him in the box car with some stock. While the men were asleep a lighted lantern was knocked over, probably by one of the horses, and set fire to the car, which was all ablaze when the men awakened.

Davis, whose clothing was on fire, made his way to the door of the car and jumped out, preferring to take his chances that way than to be roasted to death. The train was traveling at perhaps 20 or 30 miles an hour at the time, but the man escaped other injury than a badly wrenched back. This occurred somewhere between Volusia and Ormond.

Davis' plight was discovered by the train crew and he was brought to this city and placed in the care of Dr. Roy Howe, the railroad physician at this point, who placed him in St. Mary's hospital.

*You should attend the gospel meetings at the Christian church. "I know it, but I am not good enough." Of course you are not. That's why we have churches, preachers and gospel meetings—to help make you good.

Something in That, Too.

That more men fail as grocers than in any other retail trade is attributed by Harvard experts to bad bookkeeping, but the fact that many people would rather pay for millinery or whiskey than settle their grocery bills has something to do with it.

THE YACHT SANIBEL HERE ON SOUTHERN CRUISE

The yacht "Sanibel," Geo. R. Hill, owner and captain, tied up at the city dock, Saturday noon. Captain Hill and four gentlemen making up the party, are all natives of the Keystone state, and have cruised from Jacksonville by easy stages. Say the "easy" softly when talking about the canal, though, for according to all the members of the party the trip through the canal was "some" trip. Captain Hill hails from Philadelphia, while the other members of the party, Ed. O. Whalen, Henry Porter, E. F. Kaiser and Ed. Carter, Jr., are residents of Towanda, Pa. The party contemplates a leisurely tour of the East Coast, and may swing up the West, to Tampa.

The "Sanibel" will probably lay up here over Sunday, giving the gentlemen on board a chance to give Daytona the "once over."

SEABREEZE LADIES' AID SOCIETY HOLD MEETING

The Ladies' Aid of the Tourist church met Wednesday afternoon at the winter home of Mrs. Abell, on North Halifax avenue. At the business session it was decided to hold a sale, which, by recommendation of the committee, was set for March 16th. Mrs. Tinsler was in charge of the program of the afternoon, which was opened with a song, "The Red, Red, Rose," and "Mother's Lullaby." Mrs. Serl gave a dialect recitation; Miss Peterson two solo selections; Mrs. Abell two instrumental piano selections, brilliantly rendered; and Miss Blalock, a visitor, several dialect negro stories. It was announced that the next meeting, February 24th, would be held at the home of Mr. and Mrs. A. C. Varney on North Halifax avenue and would be a butterfly tea.

NUTMEG STATERS SAY THEY
 WILL HAVE BIGGEST EVENT OF
 ITS KIND HELD HERE THIS
 WINTER.

Elaborate preparation is being made for the observance of Connecticut Day, which is to take place at the Nauticus casino, Monday, February 22, the birthday anniversary of General Washington.

Visitors from Connecticut and local residents who came from the Nutmeg State say that this celebration will be quite the biggest state day reunion of the numerous occasions of the kind that have taken place here this winter.

A delightful dance was held at the Princess Islena Thursday night, twenty couples being on the floor. The music was furnished by the Tucker orchestra.

Those rooms should be rented; that furnished house let. Try a want ad in this department.

SANS SOUCI CLUB MET THURSDAY, FEB. 18TH

Members of the Sans Souci club held their regular meeting on Thursday, February 18th. Mrs. Bert Gage was the hostess of the day.

After a short business session the program for the day was taken up. Miss Thorp presented a paper on the "Children, and Their Department, of Colonial Days." Mrs. Evernden, of Ormond, followed with a most instructive paper on "Mothers of Yesterday and Today." General discussion of topics followed. One of the guests, Miss Walker, of Indiana, then told a true story of "The Poet's (Goethe) Pipe."

After formal adjournment, refreshments and the usual social hour closed a very pleasant meeting.

Mrs. John K. Shields and daughter, Miss Cowan, of Washington, D. C., are season guests at the Princess. Mrs. Shields is the wife of Senator Shields of Tennessee.

"GARDEN SASS," A LECTURE BY REV. E. W. SERL

Rev. Elmer Willis Serl delivered the first of a series of lectures Thursday night at the Tourist church to a representative and appreciative audience. Mr. Serl objects to his talks being called lectures, though judging from last night they could take high rank as such.

"Garden Sass," a pot-pourri of ideas, reintillated throughout with the bright, original sayings of the speaker, sometimes profound and sometimes sparkling with froth, but under the surface was the purposeful determination to help the cause of humanity. The gist of the talk in a nutshell was to advocate a happy mean philosophy for life, which will enable the American to see the middle of the road on the way to the place he wants to go. W. B. Hatch introduced the speaker and announced that on Friday of next week stereopticon views will be exhibited at the church by Robt. S. Holmes.

CHICKEN THIEF OPERATING ON THE PENINSULA

C. K. Barnhart had a fine flock of 20 chickens stolen from his pen in the rear of his home on North Peninsula drive recently. He was especially proud of the good strain of Rhode Island Reds, and ordinarily the family looked well to their morning feeding. However, Tuesday morning when the feeding time came there were no chickens in the pen, but it was thought that they had gotten out of the coop and were on the range. When they failed to come in at night, Mr. Barnhart notified Marshal Lowe. Back of the house in the brush Mr. Barnhart discovered one of the flock, dead, with its neck broken. It probably dropped from the bag and was not missed as the thief made a getaway. The marshal made a most thorough and determined search at the local markets and elsewhere but not a trace save the dead chicken has been discovered to date.

EXPOSITION VIEWS TO BE SHOWN HERE

A motion picture and stereopticon exhibition of more than ordinary interest is to be given in the auditorium of the public school building next Thursday evening. The entertainment will be free to the public and the children of the schools of the nearby towns will be especially welcome as the entertainment is of an educational nature, consisting of pictures of the Panama canal construction work and the canal as it now appears; views of the great Panama-Pacific exposition now in progress and also views of points of special interest in Colorado and other western states.

The exhibition of the pictures will be accompanied by a descriptive lecture by H. B. Lane, who has lectured on the chautauqua platform, and this will add to the educational value of the entertainment.

This entertainment should prove especially interesting to the contestants in the Gazette-News contest for a free trip to the Panama-Pacific exposition as many of the pictures are of places to be seen along the routes to California as well as of the exposition itself.

DEMAREE TO LOCATE AT CORONADO BEACH

The New Smyrna News announces the resignation of T. F. Kelsey as tender of the Coronado bridge, and says it is understood that L. C. Demaree will succeed Mr. Kelsey, who will return to Daytona and engage in the automobile business. Both Mr. Demaree and Mr. Kelsey are well known in this city and vicinity as well as in New Smyrna, Coronado and Ponce Park. Mr. and Mrs. Demaree, who are from Flemingsburg, Ky., have been spending the season at Ponce Park. The interesting story of the recent finding of a number of skeletons at that place was written for this paper by Mr. Demaree, who, in the past has, in a number of seasons, been associated with the press of Daytona. Mr. and Mrs. Kelsey formerly resided in this city but Mr. Kelsey has, for some time, been in charge of the draw on the Coronado bridge. They

have many friends in Daytona and vicinity who will be delighted to learn of their decision to again make their home at this place.

PROMINENT TORONTO PEOPLE AT THE GRAY GABLES

Mr. and Mrs. Corryell spent a season or more in Seabreeze three or four years ago, and the friends and acquaintances they made during their former visit are pleased to learn of their return.

PANAMA EXPOSITION OPENED TODAY WITH BRIGHT PROSPECTS

PRESIDENT WILSON PRESSED

BUTTON AND FLASHED OPEN-

ING SIGNAL—SECRETARY

LANE IN FRISCO.

WASHINGTON, D. C., Feb. 20.—Standing amid a group of California's "native sons," President Wilson pressed an electric button placed exactly in the center of the capitol rotunda today and thus sent a telegraphic flash to the Golden Gate which formally opened the Panama-Pacific International exposition.

Besides the president many diplomats, legislators and other prominent men were guests of the Californians. By an ingenious plan, devised by Frederic Bulkeley Hyde, the head of the Washington California, the flash which the president sent to the exposition at the same time lights up in electric flame the message "The Exposition is now opened" in many cities throughout the country and this message was also sent to all the territories and possessions of the United States including Alaska, the Philippines, Porto Rico, Hawaii, Samoa, Guam, and the Panama Canal Zone.

Franklin K. Lane, secretary of the interior, is in San Francisco at the

opening ceremonies today as the personal representative of the president. The choice of Mr. Lane is a happy one, since he is a Californian by adoption, if not by birth, and is popular on the coast.

The Washington group of Californians have on their schedule several celebrations in honor of the opening of the exposition including a big banquet.

SAN FRANCISCO, Feb. 20.—A day from President Wilson in Washington today formally opened the Panama-Pacific exposition, the greatest world's fair of all time.

Why She Stopped Talking.
A very talkative little girl, who had been chattering away like a parrot all morning, suddenly became silent when a lady, dressed in the extreme of the fashion, called on her. After wishing to be amiable, the parrot said to the chatterbox: "Hush, you lost your tongue, my dear." Oh, no, ma'am," was the reply, "only my breath."

MRS. FRED J. NIVER ENTERTAINS WITH AUCTION

The second of the series of card parties being given by Mrs. Fred J. Niver, occurred Friday afternoon. Auction was the game of the afternoon, three tables being engaged. Mrs. G. W. Goodsell, who is spending the winter at the Despland hotel, was winner of the handsome first prize, while the second was secured by Mrs. J. D. Maley. Light refreshments were served at the close of the afternoon.

CARD PARTY AT SCHMIDT'S WEDNESDAY EVENING

Mrs. Henry Schmidt entertained the ladies who are guests at Schmidt's hotel and a number of her outside friends, Wednesday evening, in the parlors of the hotel. Cards formed the diversion of the evening, five tables of 500 and two of pinochle being engaged. First prize at 500, a handsome cut glass bowl, was secured by Mrs. Ball, of the Lyndhurst. Mrs. E. P. Intemann won the second prize, a beautiful silver fruit knife, and the consolation prize fell to Mrs. Barry. Miss Jessie Ruggie won the pinochle prize. Delicious refreshments were served following the game, in the dining room of the hotel.

The home of the rosemary was originally in the south of Europe, more especially Italy, where it grows to the height of six or eight feet, either being trained upward from the ground or embedding its roots in an old wall. It grows in three varieties—gold, silver and green.

great enthusiasm is manifest. If the feeling of the coast proves contagious to the rest of the country the success of California's big undertaking is assured.

There are elaborate ceremonies today in honor of the opening of the exposition. These include much speech-making and several large banquets.

Visitors to the exposition grounds who had seen several other world's fairs were unanimous in praising the efforts of the promoters.

As to the effect of the war on the fair, it will be felt only slightly, in the direction of diminished European attendance and European exhibitions. But these will be more than compensated for by the increased attendance from the Western world. The great army of tourists which every summer pours across the Atlantic, Californians

The exposition consists of 250 buildings in three main groups lying in garden plots and sunken pools. It stretches in a glittering band half a mile wide along the southern shore of San Francisco Bay.

It has cost \$50,000,000. Of this \$12,500,000 was raised by this city, \$5,000,000 by the State of California, and \$2,500,000 by the 58 California counties. The foreign and state participation represents \$10,000,000, the amusement zone \$10,000,000 and the outlay by individual exhibitors another \$10,000,000.

There are 80,000 individual exhibi-

tors represented, with displays ranged along 47 miles of exhibit aisles in 11

of the main exhibit palaces. There are other miles of exhibit in the buildings of the states and the pavilions of the nations and a nine acre horticultural garden, apart from the five acres in the palace of horticulture.

Forty-five foreign nations are represented, many of them having increased their space since the war. Forty-three of the states and territories of the United States are represented. Of the nations participation ranges from the \$1,700,000 appropriation of the Argentine Republic to \$50,000.

Of the states outside of California, New York leads with approximately \$1,000,000, including the appropriation of New York city for a building and participation. Twenty-eight states and territories have official buildings. Twenty-four foreign nations have pavilions. In addition to the representation by nations and states, another considerable unit of representation is that of the 58 counties of California, all of which have individual displays of products in the \$2,000,000 California building, the largest structure on the grounds apart from the group of main exhibit palaces.
